

0707W - White Rock Salt

SECTION 1 Identification of the substance/mixture and supplier

1.1. Product identification

Commercial name **0707W White Rock Salt 25kg**

1.2. Relevant identified uses for the substance or mixture and unadvised uses

Use Salt for food and industrial use

1.3. Information concerning supplier

Company identification Merton Group UK Ltd
Unit 9 Foxholes Road
offi Golf Course Lane
Leicester
LE3 1TH
Tel: 0116 231 4040
Email: headoffice@mertongroup.co.uk

1.4. Number to call in the event of an emergency

Emergency tel no (UK 999) (EU 112)

SECTION 2 Danger identification

2.1. Classification of the substance or mixture

This preparation has not been regulated according to the European directives 67/548/CEE and/or 1999/45/CE and the regulation 1272/2008 CLP, their adaptations and their annexes.

EC classification 67/548 or EC 1999/45

Classification Not classified

Hazard class and category code(s), Regulation (EC) N° 1272/2008 (CLP)

Not Classified

Important Note: The information contained in this document is given in good faith and is to the best of suppliers Knowledge correct at the date of publication, but it is for the users to satisfy themselves of the suitability of the product for their purpose.

0707W - White Rock Salt

2.2. Labelling

EC 1272/2008 (CLP) Labelling Regulations

Hazard labelling This product is not subject to regulation according to the European directives 67/548/CEE and/or 1999/45/CE and the regulation 1272/2008 CLP, their adaptations and their annexes.

2.3. Other dangers

Other undesirable health effects Possible minor irritation after prolonged contact due to the sodium chloride.
In large quantities, possible slight irritation of the respiratory passage due to the sodium chloride

SECTION 3 Ingredient composition/information

Substance/Mixture This product is a substance.

Primary ingredient: Sodium chloride
EINECS Number: 231-598-3
CAS Number: 7647-14-5
Molecular formula: NaCl
Molecular mass: 58.44g

Additives: Sodium decahydrate hexacyanoferrate
(if the product is treated with an anti-caking agent)

Known hazardous ingredients: None.

SECTION 4 First aid

4.1. First aid description

-Inhalation In case of dust inhalation, take the victim out into fresh air and lay them down. Call for medical assistance in case of respiratory difficulties.

- Contact with skin Wash in lots of water.
Ask for medical assistance in case of irritation.

- Contact with the eyes Rinse immediately with lots of water. Consult an ophthalmologist if irritation occurs

Important Note: The information contained in this document is given in good faith and is to the best of suppliers Knowledge correct at the date of publication, but it is for the users to satisfy themselves of the suitability of the product for their purpose.

0707W - White Rock Salt

- Ingestion** If the person is conscious, give him or her a glass of water. Do not attempt to induce vomiting without prior instruction.
Consult medical assistance in the event of major ingestion.

4.2. Principal symptoms and effects, acute and long-lasting

No information/data available

4.3. Indication of potential immediate medical help and specific treatment necessary

No information/data available.

SECTION 5 Fire prevention measures

5.1. Extinguishing a fire

- Appropriate extinguishing agents** All extinguishing agents are suitable in case of fire in proximity to the product.

5.2. Specific dangers resulting from the substance or mixture

- Dangerously combustible products** Exposed to high temperatures and in large quantities, the product may release dangerous decomposition products such as carbon monoxide and dioxide.

5.3. Advice to fire-fighters

- Special protective equipment for fire-fighters** Wear breathing apparatus appropriate to the premises and to the risks associated with nearby products.

SECTION 6 Measures to be taken in case of accidental dispersion

6.1 Individual precautions, protective equipment and emergency procedures

- Individual precautions** Avoid contact with the eyes
Personal protection: see section 8.

6.2. Environmental protection precautions

- Environmental precautions** Do not dispose of in natural waterways, drains or onto the ground.

Important Note: The information contained in this document is given in good faith and is to the best of suppliers Knowledge correct at the date of publication, but it is for the users to satisfy themselves of the suitability of the product for their purpose.

0707W - White Rock Salt

6.3. Confinement and cleaning methods and material

Cleaning methods Recuperate the spilt product and place in an appropriate container.
Rinse abundantly with water.

6.4. Reference to other sections

None necessary

SECTION 7 Handling and storage

7.1. Precautions to take for safe handling

Handling Personal protection: see section 8
Avoid contact with the eyes.
Under no circumstances eat, drink or smoke in the workplace.

7.2. Necessary conditions for safe storage, taking into account potential incompatibilities

Storage Store this product in a cool, dry place
It is recommended to use salt-resistant materials for machines, installations and constructions.

7.3. Specific final uses

No information/data available

SECTION 8 Exposure control/personal protection

8.1. Control parameters

Professional exposure limits Workplace Exposure Limits (UK HSE EH40)
Long Term Exposure Limit (8hr time weighted average)
Total Inhalable Dust: 10 mg/m³
Respirable Dust: 4 mg/m³

8.2. Exposure control

Personal protection

- Respiratory protection Wear a breathing apparatus while working in the presence of a high

Important Note: The information contained in this document is given in good faith and is to the best of suppliers Knowledge correct at the date of publication, but it is for the users to satisfy themselves of the suitability of the product for their purpose.

0707W - White Rock Salt

level of airborne NaCl particles. Anti-aerosol/dust filters type P1 (in compliance with the standard EN143).

- Hand protection

Neoprene or nitrile type gloves, in compliance with the standard EN374). In case of repeated or prolonged skin contact, it is advisable to wear gloves.

- Eye protection

Eye protection is recommended in case of excessive dust generation. Safety goggles (in compliance with the standard EN 166).

Industrial hygiene

Wash your hands after working with the product.

SECTION 9 Physical and chemical properties

9.1. Essential physical and chemical property information

Physical state at 20°C:	Crystalline powder. Agglomerated or non-agglomerated crystals in granules or tablets
Colour:	White.
Odour:	Odourless.
pH:	In an aqueous solution at 100g/l: 6.7-9.0.
Fusion point [°C]:	801.
Boiling point [°C]:	Not applicable.
Flash point [°C] (see):	Not applicable.
Rate of evaporation:	Not applicable.
Inflammability (solid, gas):	Not combustible.
Explosivity limit:	Not applicable.
Vapour pressure [20°C]:	Not applicable.
Relative vapour density (air=1):	Not applicable.
Density:	In a saturated solution at 20°C: 1.2.
Water solubility:	35.85g % g water.
Log P (octanol/water) at 20°C:	Not applicable.
Self-combustion temperature [°C]:	No data available.
Decomposition point [°C]:	No data available.
Viscosity:	Not applicable.
Explosivity:	Non-explosive.
Combustive properties:	Not combustible.

9.2. Other information

Relative humidity at equilibrium at 20°C: 75.3%.

Important Note: The information contained in this document is given in good faith and is to the best of suppliers Knowledge correct at the date of publication, but it is for the users to satisfy themselves of the suitability of the product for their purpose.

0707W - White Rock Salt

SECTION 10 Stability and reactivity

10.1 Reactivity

No information/data available.

10.2. Chemical stability

The product is chemically stable.

10.3. Possibility of dangerous reactions

Not subject to dangerous reactions.

10.4. Conditions to avoid

See section 7.

10.5. Incompatible materials

Oxidizing agents, strong acids, strong bases.

10.6. Dangerous decomposition products

In case of fire: see section 5.

SECTION 11 Toxicological information

11.1. Information on toxicological effects

Acute toxicity No known toxicity, LD50: 3.75g/kg (oral, rat).

Chronic toxicity The components are not included in the list of carcinogenic, mutagenic or teratogenic substances classified by the EU.
No potential long term health effect is to be considered.

Information on the probable means of exposure

- **Inhalation** In large quantities, the dust can cause irritation to the respiratory passages due to the sodium chloride.
- **Contact with the eyes** Possible slight irritation upon prolonged contact due to the sodium chloride.
- **Contact with the skin** Possible slight irritation upon prolonged contact due to the sodium chloride.
- **Ingestion** No risk for normal use.

Important Note: The information contained in this document is given in good faith and is to the best of suppliers Knowledge correct at the date of publication, but it is for the users to satisfy themselves of the suitability of the product for their purpose.

0707W - White Rock Salt

SECTION 12 Ecological information

12.1. Toxicity

About the product Do not dispose of in natural waterways, drains or onto the ground.

Ecotoxic effects Toxicity regarding:
- Water fleas: C.L. 50-24h: 4.800mg/l
- Fish – Zebra-fish: C.L. 50-24h: 9.000mg/l

12.2 Persistence and degradability

No information/data available.

Biodegradability No data available

12.3. Bioaccumulation potential

Not bioaccumulable.

12.4. Soil mobility

Has an influence on the surface of plants (metabolic disturbance) and on the soil (mineral imbalance).

12.5. PBT and VPVB evaluation results

No information/data available.

12.6 Other harmful effects

No information/data available.

SECTION 13 Considerations concerning disposal

13.1. Waste treatment methods

General points Destroy in compliance with local/national safety regulations in force.

Product waste disposal Disposal should be in accordance with local, state or national legislation

SECTION 14 Information relating to transport

General information The product is not subject to transport restrictions: - By road RID/ADR – By sea OMI/IMDG – By air OACI/IATA

Important Note: The information contained in this document is given in good faith and is to the best of suppliers Knowledge correct at the date of publication, but it is for the users to satisfy themselves of the suitability of the product for their purpose.
